VERSE 1: G D G
We hardly ever went straight home from school
C Fadd11 Am11 C G
We'd hang around by a count---ry pool...
D G C Fadd9 Am11 C G
Until October would turn too cool for... playin' 'neath a tree...
D G C
Our books were scattered there across the grass...
Fadd9 Am11 C G
Can't believe I made the grades to pass...
D G C
'Cuz I learned more when I was out of class...like...
Fadd9 Am11 C
How sweet her kiss could be...

CHORUS: Bm Am Bm Am
Oh memory don't delay...in some telepathic way...
C G C G
Find where she is today...reveal I still exist...
C D G
'Cuz for too long I've been...A Lover In A Mist...

BRIDGE: Dm C
She said she'd always write...I said I'd do the same...
Cm D Dsus4 D
But the letter's never went...and the letters never came...

INST. BREAK: G D G C D G D G C D D7 G...

VERSE 2: The day she moved to a far off place...
Saw a tear running down her face...
Soon to dry up without a trace...'cuz...new friends replace the old...
We were children..only nine or ten...
And though I've known a lot of love since then...
I long the most for days in a glen...and...a girl I used to hold...

CHORUS:

END: C D G Fadd9 C Fadd9 C G
For too long I've been...A Lover In A Mist.
